EDUCATION

SEPT 2024 – JUNE 2028

Simon Fraser University | BSc, Interactive Art and Technology | Minor in Computing Science

- Undergraduate Scholars Entrance Scholarship Recipient
- President & Dean’s Honour Roll, CGPA: 4.080

SKILLS & QUALIFICATIONS

Design & UX

- Figma
- Wireframing & Prototyping
- Interaction Design
- Information Architecture
- Accessibility Standards
- Usability Evaluation

Web Development/Design

- HTML, CSS, JavaScript
- Responsive Design
- Semantic Markup
- Git / GitHub

Additional Technical Skills

- Python
- Java
- C++
- Blender

PROJECTS

NOV 2025

Fuorisalone 2025 Microsite Concept | UX and Interaction Design (Team Project)

- Developed a cohesive visual identity and design system, translating graphic design concepts into consistent, reusable interface styles.
- Framed design goals to identify user needs, shaping content structure and navigation priorities.
- Iteratively created wireframes and high-fidelity prototypes in Figma, clearly communicating the design vision and reducing cognitive load for stakeholders.

OCT 2025 – NOV 2025

Pet Adoption Database | Web and UX Design (Team Project)

- Practiced iterative wireframing with low-fidelity layouts in Figma to rapidly test and compare content hierarchy, layout, and discoverability of interactions.
- Developed clear interactive affordances for filters, cards, and navigation elements, improving usability, recognition, and user understanding across the interface.
- Designed layout variations at key breakpoints to prevent loss of hierarchy and preserve relationships between elements across screen sizes.

OCT 2025

MOA UBC Exhibit Design | UX Design/Research (Team Project)

- Conducted research through in-person observation, patron conversations, and precedent analysis to rapidly build deep domain knowledge informing design decisions.
- Framed and reframed research findings, iteratively pivoting away from ineffective ideas to uncover a truly meaningful intervention point.
- Designed and visually communicated a discovery-oriented interactive experience that uses intuitive affordances to empower patrons to learn through discovery.

WORK EXPERIENCE

SEPT 2023 - PRESENT

Aquatic Leader (Lifeguard) | City of Coquitlam

- Monitored dynamic and changing environments with high attentiveness, identifying risks early and making judgements under pressure to maintain facility safety.
- Proactively used downtime to complete operational tasks, improving readiness during high-traffic periods.

JULY 2023

Waterfront Lifeguard | Sasamat Outdoor Centre | Belcarra, Port Moody

OCT 2021 - MAY 2024

Crew Member | McDonalds | Coquitlam
