

Benjamin Hustler

Coquitlam, BC 604-727-51263 ben_hustler@sfu.ca [LinkedIn](#) [Portfolio](#)

UX/UI design student excited to get some work experience to apply what I've learned and explore the different aspects of interface design. Also interested in frontend development and software engineering

EDUCATION & NOTABLE COURSEWORK

SEPT 2024 - PRESENT

Simon Fraser University | BSc, Interactive Art and Technology | Minor in Computing Science

CGPA: 4.08 | President & Dean's Honour Roll | Undergraduate Scholars Entrance Scholarship Recipient

IAT 238: Foundations for Designing Interactions (Working in Figma)

- Framed and reframed problems to identify meaningful intervention points and create beyond surface-level design solutions.
- Conducted field research to generate problem statements and address them through UX design.

IAT 235: Information Design (Working in Figma, HTML, CSS, JS)

- Practiced iterative design, rapidly generating various wireframes to explore a broad range of ideas
- Designed and executed human-centered user interfaces focused on accessibility and usability.

IAT 201: Human-Computer Interaction and Cognition (Working in Figma)

- Applied cognitive science and HCI research to inform evidence-based UX design decisions.
- Translated academic research into practical interface guidelines and design rationales.

SKILLS & QUALIFICATIONS

Highlighted Qualifications

- Proficient in human-conscious UI/UX strategies, accessibility standards, and iterative design processes.
- Experience developing graphic arts/design identities and systems based on experimentation, consistency, and research
- Knowledge of computer science fundamentals (Time complexity, sorting algorithms, data structures, types of coding language).

Technical Skills

- | | |
|---------------|-----------|
| • Figma | • C++ |
| • Adobe suite | • Java |
| • HTML/CSS/JS | • Blender |
| • Git, Github | |
| • Python | |

WORK EXPERIENCE

SEPT 2023 - PRESENT

Aquatic Leader (Lifeguard) | City of Coquitlam

- Demonstrates situational awareness and rapid decision-making in high-responsibility environments.
- Shows initiative by using off-deck time for cleaning and operational tasks, contributing to improved facility cleanliness and patron satisfaction.

JULY 2023

Waterfront Lifeguard | Sasamat Outdoor Centre | Belcarra, Port Moody

- Took the initiative to begin closing tasks early during spare time resulting in a lighter load for closing staff.
- Ensured swimmer safety through active supervision and enforcement of waterfront safety rules.

OCT 2021 - MAY 2024

Crew Member | McDonalds | Coquitlam

- Maximized efficiency and quality of service through clear communication and attentiveness.
- Received multiple employee of the month awards for strong work ethic and good attitude.

INTERESTS

In my spare time I love mountain bike on the great local terrain, play complex board games with friends, and I'm passionate about creating in 3D with Blender.
